

TRAPPERS PROMISE TRILOGY

by BRONWYN TROTTER

FROM THE AUTHOR - BRONWYN TROTTER:

As a new author, my inspiration for writing comes from having grown up in a family that enjoyed watching western movies and reading a variety of novels. My father especially loved westerns and whenever my three brothers and I visited, Dad would either be watching a movie or reading a novel. I would often join him, enjoying the posse chasing the baddies, the hero saving the little ranchers from the big guy.

'THE TRAPPERS PROMISE' is my first attempt at narrating a story. Much of it stems from my own personal memories and love of a good western classic. When I sat down to write, the story just came to me, so literally speaking, I just put pen to paper. Having filled an exercise book with what I wanted to say, I decided using a computer was much easier. My brain just ticked with recollection after recollection of those days watching movies and Dad getting to the exciting part in a western novel.

BOOK 1 - THE TRAPPERS PROMISE:

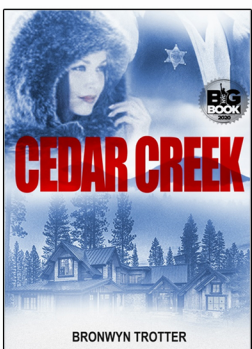

Bronwyn Trotter's "The Trappers Promise" is a hard-hitting novel set in the wilds of the Rockies, where only the toughest of women can survive.

Born in the lap of the Rocky Mountains where wolves are hunted for their valuable skins, Sarah Cole is forced to contend with trapping wolves and nineteen trappers. Four of these have promised her father that they would look out for her in the event he is killed. When her father dies during a card-game, she loses her winter home, Mountain View Lodge, and is thrust into the care of the trappers.
