Superconscious Dave

Book character

Meet the author

Hi, I am Julie Busuttil.

As a mum of four and someone who has a curious mind, a thirst for fun and adventure, I created Superconscious Dave in 2020. Dave is a character that will touch the hearts and souls of not only children, but teachers and educators worldwide.

Dave represents many things. Intuition, adventure, magic, imagination and creativity - all of the things I think should be embraced and supported in the formative years.

My author journey has been amazing. I had to learn a lot about rhyming, book editing, publishing and promotion. Writing the story took 2 hours, everything else took around 12-18months!

I am available for online zoom book readings and interviews.
